

We have fought many wars in the defense of Freedom. Today, we are engaged in a cold war to protect that Freedom.

It is the obligation of all of us to preserve and pass on to those who follow, a heritage of Freedom.

No more appropriate time could be chosen than VETERANS DAY to review just how much Freedom we still have and how much is dribbling away to centralized government. The GIMMES from the public funds, Tallahassee or Washington carry with their acceptance an automatic release of RIGHTS.

PONDER — if not for yourself, for those who are our Future Citizens!

They're At It Again!

Outsiders have invaded the Glades again to take over direction of capital and labor in this strictly agricultural community.

The Federal government (Labor Board) is here simultaneously with no apparent burning enthusiasm for equity — except of a bureaucratic kind.

Fifty-two farmers, co-operatively formed, financed and put into operation a sugar mill to process sugarcane with an overall investment of \$25 million-plus, and an annual payroll of near \$3 million, with out bureaucratic government aid.

The Sugar House has increased its capacity twice — from 5 to 6, then to 8,000 tons; it has voluntarily raised wages for this season, and gave a 6 percent bonus for the past season.

The community, the County and the State are assured of years of regularity of pay checks, tax monies and a growing standard of living for many, if undue and unreasonable interference is not forced on the industry.

Organized labor, with the connivance of the Labor Board, is demanding union representation for labor in the Belle Glade Sugar House, and complementary activities to an unreasonable degree.

With a "how many votes you got" attitude of Washington towards labor, rights of farmers are in the balance.

Who believes it's time to find out just how the treatment of labor at Glades Sugar House bears comparison.

A ONE boss country is not Americanism!

If you want dictatorship, whatever it's name or form, then sit back; don't think, don't talk and don't act—

YOU'LL GET IT!

SCHOOL MILLAGE

At press time the Registrar's office was not able to give us any definite information — "possibly Thursday afternoon," they say.

Mrs. M. Kirchman Rites Friday A. M.

Mrs. Minnie Myer Kirchman, 78, a pioneer resident of Belle Glade, died Tuesday night at the Everglades Memorial Hospital, Pahokee following an extended illness.

"Mom" to nine sons and one daughter, as well as to many contemporaries since the family's coming in '22 from Moore Haven, Mrs. Kirchman found time from her family chores to always have native fruits shrubbery and flowers around her home north of West Store at Chosen.

After Chosen Road was built and "Pop" was no longer here Mrs. Kirchman moved into Belle Glade and continued her interest in her flower garden. The Kirchman family, which in recent years had been reduced by the death of three boys, Edwin, Al and Paul, came to Moore Haven in '21 from Iowa, and moved to Belle Glade the following year.

Mrs. and Mrs. Kirchman celebrated their 50th wedding anniversary in 56, shortly before the death of Mr. Kirchman. Burial services will be conducted Friday Nov. 8th at 11 a. m. in St. Peter Lutheran church with the Rev. Harold Lindeke officiating. Burial will be in Woodlawn Cemetery, West Palm Beach.

Six sons, A. E. Donald, Louis August, Wilbur and Elmer, all of Belle Glade survive. One daughter, Mrs. Margaret Whitlock lives in Belle Glade. Twenty-six grandchildren & nine great grandchildren survive.

Ferd Myer, a brother and one sister, Mrs. Lane Boderman of Sumner, La., are other survivors.

Cattle Market Has Good Sale

Another good sale Monday—643 cattle went through the ring. Still have a good market for fat steers and cows. Had good support on those crossed calves, with both slaughter and stocker classes showing gains.

R. D. Cooper, Mr., said "We're going to have 150 head of good Brahmas type stocker steers Monday — weighing from 500 to 650 lbs. We've looked at 'em and they're good healthy cattle and should go right to putting on the pounds. We'll have a real top quality registered Hereford bull just a short 3 year old — good breeder. He should throw some good Braford calves off those native and Brahmas type cows."

Monday, Nov. 18th, we will sell 200 head of good top brood cows at the Hubie Bore's pasture. There are about 125 calves on the ground and more coming every day. There are about 95 head of good cross-bred Heifers 2 to 4 yrs old. A lot of these Heifers are springing row. Sale time 9:30 a. m. at the ranch. We suggest that you look these cattle over prior to the sale — contact Ed Bore, Belle Glade Phone WY 6-3629 or WY 6-3628.

Prices compared to last week: Slaughter steers 75c to 90c lower; Slaughter heifers steady to 25c higher; Slaughter cows steady; Slaughter bulls steady 25c higher; (250 to 300 lb.) Calves steady; (100 to 250 lb.) Vealers topped at \$24.00. Stocker steers fully 1.00 higher; stocker heifers \$1.00 lower; stocker cows 1.00 to \$2.00 higher; stocker bulls steady; stocker steers (250 to 500 lb.) steady to 50c higher; stocker calves (100 to 250 lb.) steady and on goods as much as \$2.00 higher.

Heart Attack Hits Co. Com. Lake Lytal

County Commissioner Lake Lytal, veteran member of the board, is in Good Samaritan Hospital this week, recovering from a heart attack.

Lytal was stricken at his home, over the weekend. Wednesday his condition was reported as "serious" and he is expected to be away from his office for several weeks.

Player of Week

Bucky Holt

Coach Burke has selected Bucky Holt as player of the week after his fine performance against Seacrest last Friday night.

Bucky was Belle Glade's leading runner, picking up 95 yards on 19 carries. His final carry was a beautiful 25 yard touchdown run in the closing minutes to give the Rams a victory over Seacrest.

Bucky is playing his third season as a starting halfback for Belle Glade, and Coach Burke is happy that he still has another year to play.

Organizing, chartering, building, and the gathering of knowledgeable personnel for a home-owned and home-operated State bank is approaching O-Day (opening day) when The Bank of Belle Glade will entertain the public on next Wednesday afternoon at Open House, preliminary to the actual opening for business on Thursday morning November 14th at 9:30 a. m.

Golden Rams Display Great Power in Edging Seacrest 7-6 For No. 20

The "Bean Pickers" of Belle Glade filled the hanger full at Seacrest Friday night, showing the fans a great example of determination and their will to win. The Rams came from behind in the final two minutes to beat previously undefeated Seacrest and a tie for first place in the Suncoast Conference.

After playing 3 scoreless quarters of hard, bruising defensive play, both teams broke into the scoring column during the final period. Seacrest recovered a fumble on the Belle Glade 36 yard line and following two successive 15 yard penalties had the ball, first down and goal on the five yard line. Two trips to the right side of their line gave Seacrest a touch down with about eight minutes left in the game. The PAT attempt was no good and Seacrest led 6 to 0.

The Rams took the following kick-off from their own 17 yard line and drove to the Seacrest 24 before losing the ball on downs. Seacrest got the ball with 3½ minutes and after 3 running plays were forced to punt. John Causey, right line-backer, broke through to partially block the punt and Belle Glade taking over on the Seacrest 36 yard line. The Rams' Pat Gilbert swept left end for 12 yards and on the next play halfback Bucky Holt raced a touchdown right end 24 yards for a touchdown, receiving key block from Charles Thompson and Ron Halbrook.

Pat Gilbert, receiving fine blocking, swept right end for the extra point giving the Rams a 7-6 lead with 1:35 seconds left.

Seacrest, trying desperately to score, threw a long pass that was intercepted by Charles Thompson near mid-field. From there the Rams ran out the clock for a hard fought victory.

The bookkeeping department will be under the direction of Mrs. Cherie Milner of Lanett, Alabama. She will serve with the Valley National Bank for many years. Curtis Thompson, Jr., of Belle Glade will be a trustee in bookkeeping, public relations and the teller department.

Belle Glade FHA Club Host To 811 Girls

Miss Pat Fishler, State FHA secretary, presided at the District meeting held here Nov. 2. Pat is a 16 year old Junior at Belle Glade High School and is the daughter of Mr. and Mrs. Don Fishler.

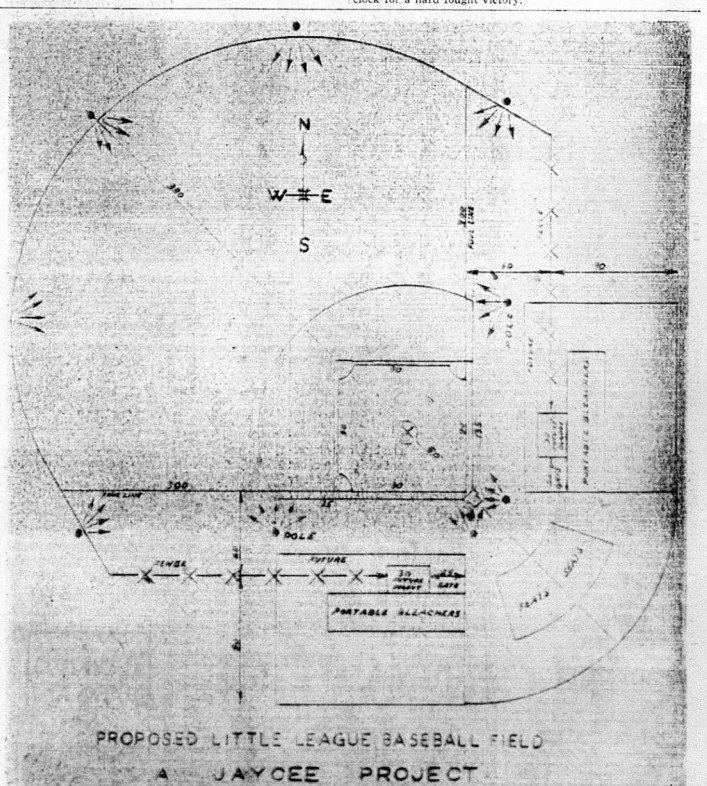

The 18th FHA District IX Convention was presided over by Miss Pat Fishler, chapter president and state secretary, Saturday in the local high school gymnasium. After the opening ritual the devotion was brought by Plantation Junior High School, Fort Lauderdale. This was followed by presentation of colors by the Girl Scout Cadets Troop 254, under the guidance of Mrs. E. A. Wolf and Mrs. G. U. Sprinkle. Miss Irene Ashley, of the Belle Glade chapter gave the welcome and the response was given by Perry Junior High School.

Greetings were brought to the members by Honorable Emmett Robert, Belle Glade, Florida. Mr. Roberts stressed being sincere in all we do, and especially in our relationships with our fellow man. He stressed the (Continued On Page 5)

Recreation Area Being Sought By South Bay City

At its meeting last Thursday evening, the Council of the City of South Bay discussed a proposed conference to be held on November 12th with the State Road Department concerning a recreation area located at the junction of U.S. No. 27 and the Hoover Dike, just west of the City.

The Council accepted the low bid of Glades Chevrolet for a police cruiser in the amount of \$2170.

Chairman R. H. Cooper of the Jaycees Building Committee announces that any team from Little Leaguers to High School may use the proposed diamond when finished.

There will be a portable homerun fence for each league and a stationary one for the big boys," Mr. Cooper says.

Rams Share Conference Top; Five Down Three To Go!

The Suncoast Conference's 14th football pennant race is still anybody's guess, but inevitably the first-place jump will be narrowed down as it did unexpectedly last week and from five teams to four. This week's action probably will cut the crowd to three.

Last week only one game separated the first and fifth place occupants in the standings. But Palm Beach's surprising defeat of Ft. Pierce Dan McCarty virtually ended the Eagles' flag hopes last Friday night, and this week the co-holders of third place, Seacrest and Pahokee collide. The loser here probably can be counted out of it too.

The third place battle at Pahokee features the four-game conference card for Friday night when Forest Hill and Ft. Pierce both will be idle. The night's other action will have co-leaders Belle Glade and Vero Beach, both unbeaten, both playing at home as decided favorites to stay undefeated. Vero will host winless Stuart which hasn't upended Vero in two decades of trying, while the Rams entertain the surging Palm Beach which might well spring a surprise for Wildcat Coach Jim Maynor who coached so long at Belle Glade before shifting last year to Palm Beach. Riviera Beach visits Lake Worth to complete the night's action.

Defending champion Belle Glade made it 29 straight game without a defeat with a late touchdown on Bucky Holt's 24-

yd dash and Charles Gilbert's extra point run to defeat previously unbeaten Seacrest 7-6 Friday. The loss knocked Seacrest from the lead and hoisted the Rams into joint ownership of first with Vero Beach which thrashed Jacksonville Landon 42-6 at Vero in non-league play. Alex Trieste had tallied on a 3-yd burst for Seacrest earlier in the fourth quarter, but the conversion try failed, and the conversion try failed, and the conversion try failed.

Belle Glade won its last three games in '51, had nine wins and a tie last fall and a 7-0 over-all record so far this year to compile the 20-game skin.

Ron Massey's second touchdown in the final minutes enabled Palm Beach to stun Ft. Pierce 13-7, and Forest Hill re-

gistered two touchdowns in the closing period to down Riviera 20-0 when the Hornets had led from the first few minutes. Bill Rhodes' 15 points sparked the Falcons' comeback. Hal Peacock scored three touchdowns and Pahokee made more than 300 yds. net rushing to wallop winless Stuart 32-7. Lake Worth topped Cardinal Newman 41-7. Peacock's burst boosted his scoring leadership to 58 points as compared to runner-up Charles Thompson of Belle Glade Riviera Beach with 36. Following are Harold

MRS. MARGARET EARWOOD, BELLE GLADE ART TEACHER, and a charter member of the Lake Worth Art League, acted as Chairman of the Florida A-1 Education Association's Conference held at the Holiday Inn and Sea Breeze in Palm Beach over the weekend.

More than 250 art teachers and artists from throughout the State attended, including 21 from the local Chapter.

Displays of Contemporary Crafts as well as work of college, high and elementary students, were held at the Norton Art Gallery.

Workshops on numerous subjects were held, and panel discussions were interested with professional addresses, and papers.

The next conference - 1964 - will be held at the Robert Meyer Hotel, Jacksonville one year hence.

In Protestant Thanksgiving Appeal \$950,000 Asked For World's Hungry

Protestants will launch a special appeal for \$950,000 during the Thanksgiving season to finance the 1964 Share Our Substance Program, through which more than 10 million of the world's hungry will receive life-sustaining U. S. food stocks.

The goal for the 1964 SOS appeal was announced by Canon Alton R. Pepper, chairman of the executive committee of Church World Service, National Council of Churches, which sponsors the program on behalf of major American Protestant and Eastern Orthodox denominations.

Scheduled for distribution in 1964 are 446,000,000 pounds of SOS foods destined for the needy in Africa, Asia, Latin

Anniversary of Everglades Presbyterian Church

Sunday, Nov. 3rd was celebrated in the Everglades Presbyterian Church as the sixteenth anniversary of the founding of the church. A special communion service was held in celebration of the occasion and the charter members of the church were recognized. Plans are being made at this time for the remodeling of the front of the Sanctuary and the completion of the church school building.

The monthly board meeting of The Women of the Church was held Oct. 29th in the home of Mrs. L. L. Price with the President, presiding Mrs. Irvin Zumpf presented the report of the theme "Unity Through Reformation." Reports from the annual Presbyterial Meeting held in Ft. Lauderdale, were given by the delegates, Mrs. Richard Murray and Mrs. L. L. Price.

Circle No. 1 met with Mrs. Clara Stimson Nov. 5th, with the Chairman, Mrs. Richard Murray presiding. She presented the devotional on the theme "Helping Others By Being A Channel of Blessing." Six members were in attendance and several projects were discussed. Mrs. L. L. Price gave the monthly special emphasis on Stewardship showing that we are not only stewards of our time, talents and money but

stewardship is also an acknowledgment of God's sovereignty. It is an attitude of grateful Thanksgiving for all the joys of life, all the opportunities for service and also a complete commitment of all our material possessions.

Mrs. Irvin Zumpf presented the Bible Study using "The our Hymnals." Circle No. 2 met with Mrs. Robert Wood, with the Circle Chairman, Mrs. Tommy Park presiding. She gave the devotional with thoughts of Thanksgiving. The special projects of the circle were donations of linens for the church kitchen. Mrs. Paul Vondack presented the Bible study.

Circle No. 3 met with Mrs. Paul Vondack and the chairman, Mrs. J. R. Collins presiding. There were six members present and several special projects were discussed. Mrs. David Motes and Mrs. Bunny Casselman presented the Bible Study.

Circle No. 4 met with Mrs. C. L. Stuart who presided over the meeting. There were five members present with one member, Mrs. Mae Pope reported ill in the hospital. Mrs. Stuart presented the Devotional with Thanksgiving as her theme. The special monthly emphasis on Stewardship was given by Mrs. Stuart. The Bible study on the Psalms, as related to our hymnals, was given by Mrs. J. M. McIlwain.

Church Builders Dinner Nov. 11

At Community Methodist Church

As people flood in to Florida more churches are needed. Where will they go to church? You can be a Methodist church builder by attending the meeting and dinner Monday night, Nov. 11 at 8 p.m. at the Community Methodist Church in Belle Glade.

The group of Church builders in the West Palm Beach District of the Methodist Church has helped build 22 new churches in the past seven years. The group is now 700 and it is hoped to increase the number to 1000.

Dr. Laurie Ray, District Superintendent will preside at the meeting. Speakers will be Buddy Howell, V. J. Ragsdale and George R. McCormick. The dinner will be served by the W. S. C. S.

Those interested in being a church builder may do so by simply agreeing to give \$10.00, three times yearly; Dec. April and August. See and hear the romantic story of the birth and growth of new churches by attending this dinner. The dinner is complimentary.

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

God sent not the Son into the world to judge the world; but the world should be saved through him, (John 3:17, avl.)

Jesus did not compromise with evil. He condemned sin in high places as well as low. Yet in dealing with the individual sinner, he was understanding rather than condemning.

Those who seriously allowed themselves to be confronted by Jesus Christ saw that the spirit of their lives had been wrong and must be changed. Jesus pointed them to a better way of life—God's way.

When we seek the mind of Christ, we gain a more loving and understanding attitude toward others. When we approach them with understanding rather than criticism, we find it easier to live and work with them. We are in a position to walk with others in the way which leads to God—the way in which Jesus Himself walked.

PRAYER: Our Father, we come to Thee with our joys and sorrows, our successes and failures, our perplexities and our sins, always sure of Thy understanding. Teach us to look on others with sympathy and understanding and a love which will lead them to Thee. May we this day come closer to the mind of Christ. We ask in His name, Amen.

THOUGHT FOR THE DAY
Today I will try to look on others with Christlike understanding rather than with criticism.

Church Of God Resumes Serving Chicken Dinners

The Belle Glade Church of God has resumed their serving chicken dinners to the community. They will serve them on Saturday from 3:30 p.m. until finished.

All profit from the dinners is being applied to the planning of their new church and Sunday School buildings.

The dinners are under the personal direction of Mrs. Della Altman, who is well known for her years of catering to various Belle Glade civic organizations such as the Elks, Lions, and Rotary Clubs.

The church can deliver to any address in the area, at a specified time. It will be appreciated if as many orders as possible be called in by Friday p.m. by calling 4-2838 and afternoon Saturday to call 6-5782.

Northside Mission Revival Nov. 18-24

The Northside Extension Mission, 1125 N. W. 12th St., invites you to attend Revival Services, beginning Nov. 18th and continuing through the 24th.

Rev. R. J. Thoms, pastor of Bearswamp Baptist Church, Lakeview, S. C. will be the visiting evangelist. Musical youth director at the First Baptist Church, Mr. V. L. Bassett, will direct the music.

All are invited to come and receive the spiritual blessings that the Lord has in store. Jack Ponce, associate pastor announced.

Men well governed should seek after no other liberty, for there can be no greater liberty than a good government.

Special Internat'l Session Held At Nat'l Girl Scout Convention

With the words "Buenos noches señoras y señores" ringing through the Miami Beach Convention Hall, Mrs. Malcolm S. Edgar of Summit, N. J., first vice president and international commissioner of Girl Scouts of the U. S. A. opened the special international session of the 36th national Girl Scout Convention.

The Spanish greeting was a special tribute to the representatives of 11 Latin American countries, members of the World Association of Girl Scouts and Girl Guides, who have been attending the meeting since it opened Monday.

"Hiled 'Look Wlder Still,' the session emphasized the worldwide aspects of Girl Scouting as well as U. S. A. participation in the World Association, now numbering 67 nations. Through the personal stories of two Seniors Girl Scouts and two Girl Scout adults, it was pointed out that international friendships are not necessarily limited to those who travel to other countries. The speakers indicated that such experiences can be part of the life of any Girl Scout who is willing to read about other countries, study languages and get to know people in her own community who have lived or traveled abroad.

Speaking for all Girl Scouts, an anonymous Senior Girl Scout described her commitment to international friendship through her association with Girl Scouting from her Brownie days to the present.

"Ten years ago, when I joined a Brownie troop, I became a part of a world movement at

Spotlight on Teacher

America's teachers are facing a greater responsibility than ever before. This year 13.5 million students are attending U. S. private and public schools and colleges. The teacher must absorb and pass on to these students the latest discoveries of a fast-changing society.

Today's creative teacher stimulates her students with "living" subject matter projected on a classroom screen. She can focus class attention on news events by making instant transparencies of newspaper clippings and projecting them with an overhead projector.

Most important, she can tailor her presentation to the interests of the class, using the latest information and new approaches to teaching any subject.

Many companies are making a more active interest in encouraging creative teaching. The 3M Company, St. Paul, Minnesota, for example, this fall established a \$15 million assistance grant for education program which will give \$300 worth of this video projection equipment to 500 schools throughout the country. Schools in every state will receive these grants in December.

"Not-Raising-Hog Business" Good

"Dear Sir: My friend in Terrebonne parish received \$1,000 from the government for not raising hogs. I am going into the not-raising-hogs business. I want to know what is the best kind of farm not to raise hogs on and the best kind of

hogs not to raise? I would prefer not to raise razorbacks, but if that is not a good breed not raising hogs. I will gladly not raise any Berkshires or Durocs. "The hardest work in this business is keeping an inventory of how many hogs I haven't

raised. My friend is very joyful about this business. He has been raising hogs for 20 years and the best he has ever made was \$400. This year he got \$1,000 for not raising hogs. "If I can get \$1,000 for not raising 50 hogs, then will I get \$2,000 for not raising 100 hogs? I plan to operate on a small scale at first, holding myself down to about 4,000 hogs which means I will have \$80,000 coming from the government.

"These hogs I will not raise will not eat 100,000 bushels of corn. I understand you also pay farmers for not raising corn. So will you pay me for not raising 100,000 bushels of corn not to feed the pigs I am not raising? I wanted to get started as soon as possible as this seems to be a good time of the year for not raising hogs.

"Can I raise 10 or 12 hogs on the side, while I am in the not-raising-hog-business, just enough to get some bacon?"

When Does It Freeze In Florida?

When can we expect the first freezing weather this fall? This is something home gardeners, nurserymen, growers and meteorologists would all like to know.

Keith Butson, climatologist with the University of Florida's Agricultural Experiment Stations and the United States Weather Bureau, explains meteorologists can predict weather only a few days at a time.

"However," he points out, "a look at Florida's past weather history provides a good idea as to when we can expect the first freeze."

Records indicate nearly all areas north of Ocala and west of the St. Johns River experience at least one day with freezing or frost before Christmas almost every year. In areas south of Ocala and west of the St. Johns River, the first freeze takes place 50 percent of the time before December 15. In about one-fourth of the years this area has escaped freezing until January.

Potatoes Crop

Same as for 1962

Based on reports obtained from cabbage growers in late August and early September, the acreage of cabbage to be planted in Florida for the 1963-64 season is estimated at 17,000 acres, 3 percent less than last year and 6 percent below average. Growers plan to plant more acreage in the important Hastings area than last season. Central Florida is expected to have approximately the same acreage.

A sharp decline in acreage is indicated for the Glades area of Palm Beach County where recent plantings of sugar cane have been made on land formerly used for vegetable crops. In the Hillsborough-Manatee and Sarasota areas acreage is expected to be down slightly.

In the Hastings area planting of seed beds began late in August. Hot weather during late August and early September was detrimental to plant growth however, most seed beds are in fair to good condition. Chopping of cover crops and field preparation for transplanting is active. In the Everglades acreage was seeded direct to the field in August. Most of the early seeded acreage is up and plants are generally in good condition. Acreage in the Zellwood area, which was seeded in August, is up and being thinned. In the Sanford section seed beds have been planted and young plants that are up are reported in fair to good condition.

UNITED STATES — Growers' intentions to plant winter cabbage, are expected to be the same as harvested during the 1962-63 winter season, but 6 percent above average. A small reduction in Florida from a year ago is offset by larger plantings planned in Texas. Growers in California and Arizona plan no changes from 1963. Planting is underway in all south Texas areas and early plantings have made fair progress. About three-fourths of the crop is in the Rio Grande Valley where only limited plantings had been made by September 1. Irrigation water in the Falcon Reservoir is very short.

Potatoes — In the U. S. indicated production of fall 1963 potatoes on September 1 was 190,308,000 hundredweight, 641,000 hundred weight above the August 1 forecast.

This year's production is estimated at only 717,000 hundredweight less than 1962. Both expected yield per acre and acreage for harvest are very near the 1962 level. All states in the 8 Eastern Fall group have smaller crops than in 1962. Aroostook County, Maine, has had an excellent growing season. By September 1 only a few fields had been top killed. A frost occurred in the county the morning of September 5. Wide-spread harvest was expected to start in Maine and other New England fall potato areas about mid-September. Rainfall on Long Island continued light during August and yield prospect are below last year, but UpState, N. Y. had adequate rain. In Pennsylvania, rainfall has been below normal most of the season in the important southeast area.

Insufficient moisture in North Dakota reduced prospects from August 1. Harvest in the Red River Valley was expected to be active by the 10th. In Wisconsin, rains in August were adequate to maintain the crop.

August was generally favorable for potatoes throughout the western area. Generally the Idaho crop is late. Some scattered harvesting started in the San Luis Valley in late August and harvest of the northern Colorado storage crop was expected to start about mid-September. The Oregon and Washington crops are in good condition.

Jamboree Troop Goes To Valley Forge

Gulf Stream Council, Boy Scouts of America today announced the completion of its plan to send a full Jamboree Troop to the National Jamboree at Valley Forge next summer.

Open to all Scouts and Explorers over age 12 on January 1, 1964, the trip includes three days of pre-Jamboree Training camp, two day tour of New York World's Fair and a week's Jamboree encampment of over 50,000 Scouts and leaders.

Each Scout Troop and Explorer Unit in the seven-county Scout Council may name one outstanding member as their Jamboree delegate prior to November 1st, with their registration fee. Individual Scouts may also enter registrations, at the Scout Service Center, 501 - 53rd Street, West Palm Beach.

Often termed the cradle of American Democracy, Valley Forge has a rich history from its Revolutionary era ancestors. Problems of preparation and supply, utilities and public health can be enormous when creating a city of 50,000 in a matter of days. These will be worked out long in advance of the Jamboree with organizations like the Army engineers, U. S. Public Health Service, Fire Chief's Associations, National Rifle Association, Trucking contractors, bus, rail and plane transport organizations.

Bread for one day, for example would make a loaf of standard cross section a mile and a half long; a "hot dog" meal would call for nearly ten miles of linked frankfurters; breakfast would mean a stack

of pancakes the height of the Empire State Building. The "stages" for Arena shows as large as two football fields.

The stirring experience of this City of tents against the background of Valley Forge; this show-window of Scouting, the National panorama of youth from every corner of the country will live long in the hearts of those who take part. Additional information or details from: Gulf Stream Council, B. S. A. Scout Service Center, 501-53rd Street, West Palm Beach Telephone 844-0279, Paul A. Luce, District Scout Executive.

BOY SCOUT ACTIVITIES

Cub Scouts Attend Webelos Day

The Gulf Stream Council, Boy Scouts of America held their first Webelos Day at Camp Tanah Keela Saturday, Nov. 2. The purpose of the

event was to acquaint parents and cub scouts almost ready for Boy Scouting, with summer camp and the facilities available. The Cub Scouts and their dads were given a tour of the camp facilities which was interesting and whetted their appetites for lunch. After lunch the Cubs and Dads were divided into three troops for the afternoon activities. These sessions were divided into crafts, skills and competitive games. Each troop participated in each session for one hour.

Tenderfoot knots, first aid trail signs and respect to our flag were demonstrated in the crafts. The boys were actually allowed to do some of these crafts after the demonstration. In the skills session a nature trail was followed pointing out edible plants and specimens of wild life found in the camp were shown. A discussion was held on water front fun during summer camp — listing activities available and the safety precautions used.

Then the archery and rifle ranges were visited, where demonstrations were presented and participation by the cubs allowed. Several bulls eyes were hit by the cubs on the first try so they must have been listening and watching carefully. The activity session contained Scout games, demonstrating a way to instruct as well as to have fun.

The evening meal was furnished — raw, and each individual had to cook their own in aluminum foil. The menu consisted of ground beef, potatoes, carrots and onions — all cooked together. It was a grand experience and a tasty meal.

The campfire was conducted by the Order of the Arrow (OA) who put on Indian dances and described their costumes. The OA's also served as instructors and guides during the day.

Cub Scouts and Dads attending from Belle Glade were Rick and Ray Roth, Billy and William Thibault, Sonny and Otha Crawford, Jon and Jim Winchester, Jeffrey and James Threlkeld, Ronnie Hilyer and Frank Thomas.

Jensen Ceramic Classes At Norton Art Gallery

E. R. Hunter, Director of the Norton Gallery and School of Art, announces that the Emil Jensen Classes in ceramics and enameling which were delayed at the beginning of the season, will start on Monday, November 11 with sessions on Monday and Wednesday mornings and Thursday evenings.

The course will include the use of coils, molds and slabs, making of ceramic sculpture, and enameling of jewelry, utensils and decorative objects. Classes are for beginning and advanced students.

Jensen has won many prizes for his ceramic sculptures and objects done by the very ancient method of using coils. He is also known for his unusual and sensitive use of many kinds of glazes. A native of Denmark, Jensen came to this country when he was 22. He studied with Kenneth Bates at the summer Crafts School of the University of Tennessee, the Crafts Students' League in New York City and at Alfred University which is considered to be an outstanding ceramics department.

Registrations are now being accepted by calling Miss Helen W. Burgess, Dean of Students, at TE 2-5194.

Pete Cooper Cops PGA Golf King Title

Pete Cooper of West Palm Beach — a spunky veteran golfer — beat the biggest field in the history of the Florida PGA Golf Tournament yesterday, October 27, on the Boca Club Course at Naples to cop his second title during the nine year history of the event.

Cooper, who down on J. C. Goosie of Largo going into Sunday's final round of the 72-hole contest, unleashed one of the most lethal putters the course has ever seen to end up the 18 holes 9-under par, the 72-holes a torrid 19 under par, and to beat Goosie by 10 strokes. Cooper shot 67-69-70-63 for a final 269 which earned him \$1,000 out of the \$5,000 purse. Goosie, in taking second place money of \$650, shot 69-65-70-73 for 277.

To be denied an education would create an unbelievable row. Most citizens will agree that a good education is a primary requisite for proper self-support and happiness. Why, then, should there be so much apathy among our junior citizens who are now attending our high schools and colleges. In my opinion, this nonchalant attitude can be attributed to presumption by the students that society owes them an education.

Students today are only vaguely conscious of higher aspirations. If they are asked what they wish to do when they have completed their schooling, many would shrug their shoulders as if this were something they should contemplate at a later date. I believe it is absolutely necessary for parents and teachers to urge the student to seriously think about the future and his possible opportunities. Of course, the child still has the prerogative of changing his mind at each advancing stage of this maturity. The important factor is his awareness of his future and its consequent opportunities and responsibilities.

Along with a general cognizance of goals and future responsibilities, the student should be impressed with the fact that

EDUCATION AND/OR FUN, FUN, FUN!

education is a status achieved, not received. Too many students feel that they should be given points, grades, and credit for their mere presence which, I am sure, is a great effort. Attending school is, for many pupils, a necessary evil to be endured. A large percentage of students are flighty and immature. Thinking only of dances, boyfriends, and fun, fun, fun, they seem totally unaware that this type of fun must end someday. I am afraid that there are far too many students who, at the end of their fun days, are going to be rudely awakened to the fact that they are prepared only for having fun. These same fun students will attempt college. Realizing at last that they received grades, instead of achieving them, these students will find college days quite dispiriting and usually of short duration.

In order to prevent this apathetic attitude, the students themselves must realize the value of education. They must understand that real and lasting complacency comes only with a desire to achieve to their best ability. Education is provided for every youngster, but some of its provisions are that students must work hard, want to learn, and achieve for themselves. Otherwise, an education can be of no real value. Having fun is a necessity and I would be the last to advocate that it be dropped from student activities. However, every student must realize that schools are operated and teachers are salaried to furnish each student with the equipment necessary for future happiness and security—an education.

Tough Enough

This outfit, one for the strictly feminine girl, could be worn to parties and other dressy affairs. It is of pale blue wool, softly draped at one shoulder. The large pockets provide a little girl look. A gold pin is worn in the middle of the bodice and brown lizard-skin set-back heels complete the picture.

College Day Reminder

Juniors and Seniors are reminded of Saturday, November 9th, College Day, which will be held at Palm Beach Junior College.

The program will last through the entire day, but the afternoon session is the part which should be of interest to students and parents. The afternoon program will begin at 1:30 p. m. and will consist of four sessions during which students will meet the representatives from colleges of their choice.

No school transportation will be provided. Anyone having further questions regarding this College Day Program should contact Coach Luke in the Guidance Office.

Resounding Drumbats of Yore

By Glenn Wolf

Throughout our nation today there exists a small, unorganized group of people who are known within their own ranks as Hobbyists. They know very well that theirs is only one hobby among many, but a pride in their specialization and the fact that no suitable name has been originated makes them persistently refer to themselves as Hobbyists. These people are all bound by common interest in learning about America's first true Homo Sapien inhabitants, the Indians.

This interest flourishes into fulfillment with the reproduction of one or more costumes representative of a specific time period and a specific tribe. These are made authentic in each little detail. The research necessary to reproduce one costume is a tedious process because the information needed is difficult to obtain.

The best sources of information are bulletins published by the Bureau of American Ethnology and small groups of Hobbyists, the THE AMERICAN INDIAN TRADITION, the only magazine of its kind published. Although this magazine leans towards the 'beads and feathers' aspect of the Indian culture, it is packed with authoritative information that is otherwise difficult to obtain.

Today, the almost universal concept of the American Indian revolves around a chieftain all decked out in the full battle array of a Plains Indian, usually typical of the mighty Sioux. This consists of a headress, a war shirt, leggings, and moccasins, all heavily beaded. A

striking example is an Indian who poses for tourist cameras in Cherokee, North Carolina in this impressive regalia. A short distance away is the Oconaluftee Indian Village, which is open to the public. Here, one can see the simple, upright headress of the old Cherokee Indians, which in no way resembles that of the Indian on the street who poses to satisfy the tourists.

Hobbyists take every opportunity to combat mistaken ideas about Indians through accurate information and authentic costumes, songs and dances. A group of high school students in the Lake Area are Hobbyists and occasionally participate in ceremonies and competitions. Some college students still maintain contact with the group. These boys are planning to participate in a 'state meet' this coming April and are entering a singing team into the competition there. Many ceremonies

Journalism Students Attend Convention

Bright and early Saturday morning, the second of November, several Journalism students traveled to Palm Beach High School for the Florida High School Press Association District Five Conference.

Journalism students from all over south Florida attended this meeting. There were two main sessions with about twenty-five meetings at each. Newspapers

and competitive gatherings of both Indians and Hobbyists are open to the public. This is one of their best weapons to use in showing people the truth about the Indian culture.

Being a Hobbyist is very rewarding. For some, it leads to summer employment and to others, an interest in archeology. I have never met a Hobbyist who wasn't whole-hearted in his interest.

and yearbooks were the topics of these meetings.

Registration took place from 8:00 to 9:00. In the auditorium from 9:00 to 9:30 there was an opening session. The Palm Beach High School Choir and a small jazz band entertained.

Everyone profited from the discussions, receiving and bringing home some very good ideas for the Rambler.

A barbecue lunch was served in the patio followed by a hootenanny. Mrs. LaFlam, our sponsor, attended an advisor's luncheon and toured the Palm Beach Post Times building. Jane Young, former student of Belle Glade, went along as a chaperone, because she is thinking seriously of majoring in Journalism.

NEW CHEVELLE!

BY CHEVROLET

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

Only a car that looks as good as this could come between Chevrolet and Chevy II. Come on down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do a lot more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines for it—two sixes and two V8's—with output all the way up to 220 horses!

And if that combination of modest weight and potent power makes you think this is one frisky car, you've got the right idea.

You've also got a car with lots of room for legs, hips, shoulders, hats and luggage. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension and snug insulation, it's got a ride that reminds you of the Jet-smooth kind the

way it muffles noise and cushions you from bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too. Just listen to the solid thunk of a door closing or look at the smooth metalwork. You'll see what we mean.

Sound good so far? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

The drink booth on the visitors side will be operated by the Science Club when Palm Beach High comes to Belle Glade this Friday night, Nov. 8. Members working in the booth should see Mr. Groover to get admission passes. Those working the first half are reminded to be early. The next Science Club meeting will be Thursday night, Nov. 14, in the Science Room, room 9. A speaker will be present to give a talk about some phase of science. Anyone who is interested in science is invited to attend.

Lost But Found

On Monday the twenty-first of October, I decided to run a way. I had been scheming for some weeks to make my escape when I was suddenly taken from the Big M (old car) and placed in So Small (new car). I must confess that So Small was exceedingly small! My beautiful long ears were being crumpled by the lack of head room, and my exterior end was suffering from a lack of tail room.

As I cautiously hopped over the seat and sprung from the car door, a white Pontiac turned into the parking lot. I leaped into the rear seat of the car as it passed by me. This was all fine until the two young ladies who occupied the car reached their destination. I found myself being closed up in a bedroom. I have had four years experience, but I had been topped. This room was rabbit hutch tight. A few days later I was abruptly carried into a pep rally and placed on the stage. I HAD BEEN FOUND!!

Junior Girl Scouts Celebrate Birthday Of Juliette Low

On Tuesday, October 29th from 3:00-5:00 p. m. at Jameson Hall Troop No. 281 of the Junior Girl Scouts celebrated the

birthday of Juliette Low, founder of Girl Scouting in America, with a Hallowe'en party.

Costumes of different countries and different American Indians were emphasized in order to illustrate the world-wide movement of Girl Scouting. Jameson Hall was decorated with the traditionally Hallowe'en decorations and the refreshment table covered with a Hallowe'en cloth and large pumpkin jack-o-lantern burning brightly with its candle.

The game participated in by the troop was one on the theme of the life in Juliette Low and her activities. The girls used

the telephone, compass points, trail signs, maps, trails and the American flag to carry out the points of the game. The end of the trail was a mock campfire at which each team performed either a skit, parade song, quiet game, active game, or ghost story. Afterward apples tied on string provided some fun.

Hallowe'en refreshments of punch, candy and cup cakes were served by the refreshment committee. To add to the suspense of the day pennies were baked in some of the cupcakes. Chairman for the committees were: decorations, Gladys Williams; the Wide Game, Cecelia Boone; quiet game, Diane Brown; Active game, Kathleen Murphy; Clean-up, Patricia Murray; refreshments, Diane Fussell.

Leaders for the Troop are Mrs. Clarence Kipper, Mrs. Milton Carpenter, and Miss Jane Young.

Tally Homecoming

Includes Truman

And 14 Old Classes

Harry S. Truman is scheduled to be the banquet speaker and well known television personality Nancy Kulp the banquet toastmistress at the Homecoming Florida State University is planning for its nearly 30,000 alumni on Nov. 15-16.

It will be a sort of homecoming for the former President, now 78, since he regularly visited the "little white house" at Key West, twice a year as a change from his strenuous duties during eight years in the White House in Washington.

For Miss Kulp, who is best known as the twenty bank secretary in the CBS program The Beverly Hillsbillies, it will be a homecoming to FSU, since she received her bachelor of arts degree here in 1943. Several of her classmates at Florida State College for Women will be back to help her celebrate the occasion.

The biggest Homecoming yet is being planned for returning graduates, which will include the classes of 1913 and 13 other classes holding reunions. Homecoming gets under way with a parade at 3:30 p. m. Friday, Nov. 15. The Banquet, at which Mr. Truman will speak, is scheduled for 8 p. m. A Pow Wow pep rally is scheduled for 8:30 p. m. and during this the Homecoming Queen will be crowned.

A round of alumni activities will start off the day Saturday, Nov. 16 followed by a barbecue at noon and football game (North Carolina State) at 5. The last event of Homecoming is a final dance at 9 p. m. Saturday in the Swanee Room.
